Monster

Author's Notes:
For the Wednesday drabble challenge with the prompt of \"monster\"

I'm a monster.

With every fiber of my being.

The kind that scares children in bedtime stories and goes bump in the night.

I lurk in the shadows, feasting on prey under a full moon.

I've always been this way. Never for a moment has it wavered.

Running for days in the forests of Finland, and sleeping just as long.

But.

I've always been alone.

My kind needs a pack, a group to call my very own.

That is, until I found them or rather they found me.

Now they hunt with me and I with them. We are one.
